OUTFITTERS

DAY 1 / ARRIVE TO EL CALAFATE AND VISIT THE LAGUNA NIMEZ

Spend the day relaxing and getting to know El Calafate. As you take a stroll through the heart of town, you'll notice the locals are deservedly proud of their well-kept gardens. We can do some horseback riding to Nimez Lagoon to watch the birds' nightly arrival.

At night we can stop to taste some regional dishes, like grilled venison or beef at one of El Calafate's many restaurants.

DAY 2 / VISIT THE GLACIER

After breakfast we'll get ready to visit the Perito Moreno. Even though it's a calm and contemplative stroll, we'll be able to visit and admire the gorgeous Glacier just feet away from us while we walk through the pathways.

We'll be surrounded by icy peaks soaring 60m (197 feet) above us while we experience first-hand one of the planet's most active icefields!

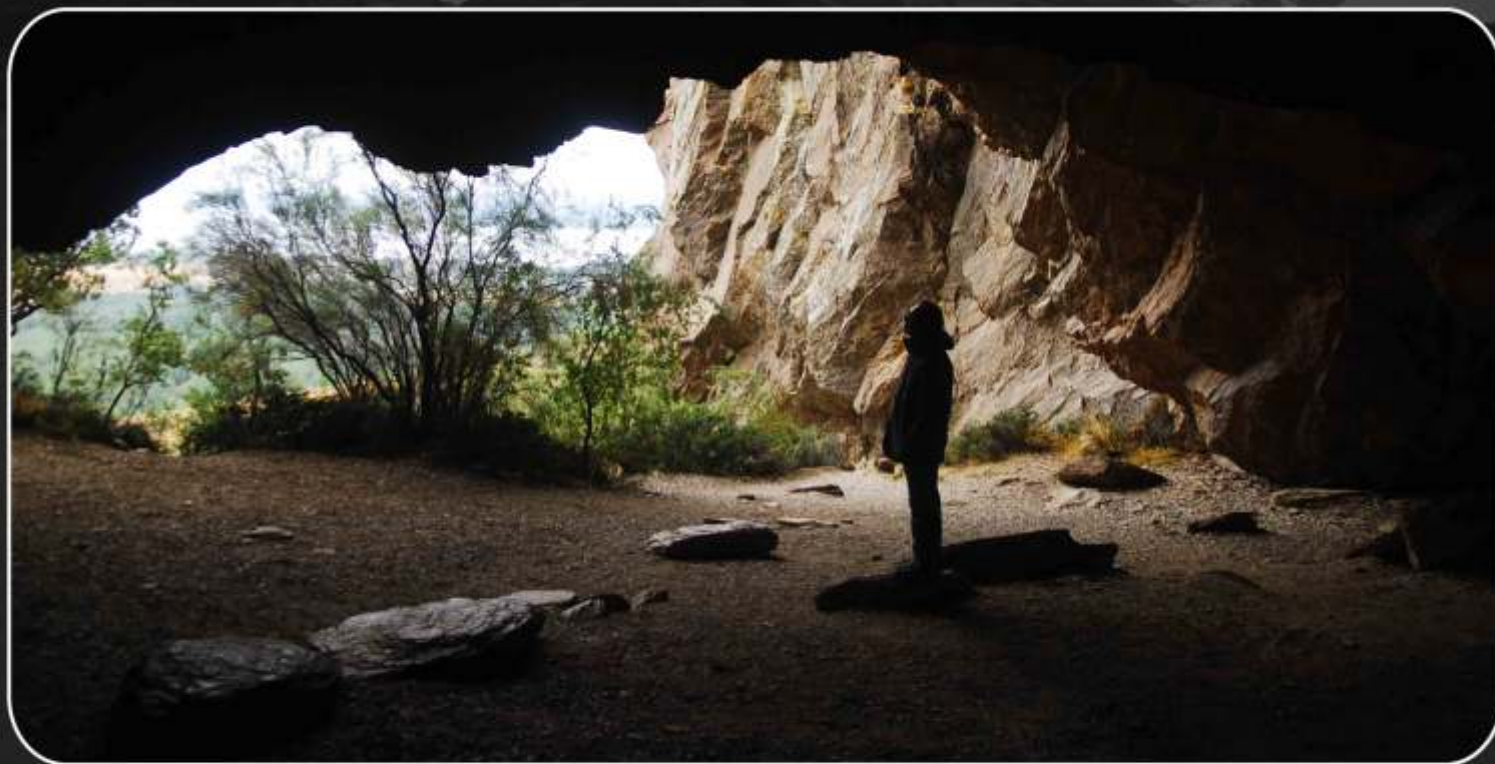

Next we'll hop on a boat for a cruise that will give us closer views of the stunning glacier.

DAY 3 /

After pickup at your hotel, relax and enjoy the views during your trip. During the 30-minute ride to the Walichu Caves. Once you arrive you'll be on the shore of the pale blue Lago Argentino.

DAY 3 /

Walk down the forest trail to the caves, where you will see ancient rock paintings of animals and humans, as well as some recreations. After that we come back to El Calafate to buy some souvenirs and walk in the town.

Calafate awaits you!
