

A wide-angle photograph of Iguazú Falls. In the foreground, a wooden walkway with a green metal railing leads towards the falls. Several people are seen walking on the path. The falls themselves are a series of cascades over a rocky cliff, with a thick mist rising from the water. The background is a dense green forest under a clear blue sky.

IGUAZÚ FALLS

Itinerary

POINTER
OUTFITTERS

DIA 1

Depart from Cordoba and head to Iguassu Falls, you'll be taken to your hotel where you can relax and enjoy a day of leisure. Feel free to stroll into town, visit the bird park or simply relax in the tropical setting – spas and restaurants!

DIA 2

In the afternoon we'll do a tour to the Brazilian Falls (we have to make sure we get the see documentation needed to enter to Brazil) Thanks to this tour we'll get a panoramic view of all the falls on the Argentine side. At night we go back to the hotel.

DIA 3

In the morning we start the drive to see the Argentine Falls side. We Visit Paseo Superior: access to the magnificent view of the Iguazu River delta formed by a set of leafy islands. We'll be able to walk through a set of strategically designed walkways that allow us to see the diverse views of the Falls.

We'll ride the Jungle Train: A circuit of ecological trains in the middle of the forest and bordering the river allowing visitors to move within the park and reach the access gateways and Attractions (included with the entrance to the National Park).

Iguazú awaits you!
